

Know Your Exporter

Jabs International Private Limited

Mr Shailesh Shah
Director, Jabs International Private Limited

Introduction

Jabs International, a Govt recognised; 'Three Star Export House', is promoted by Mr Bhaskar Shah, who brings 35 years of experience. He has been a pioneer in the standardisation of products and in adopting superior quality control standards. The management is supported by highly qualified people and a technical team.

The company is in the business of agro-commodity trading. It is one of the leading exporters of spices (whole and ground), sesame seed (natural and Hulled), raisins and other agro commodities.

About their Factory and Infrastructure

The company has an installed capacity to process about 8000 MT per annum on an output basis. The plants' operating capacity is about 4500-5000 MT/ annum. Of the total sesame business, 90 per cent is derived from hulled sesame, while 10 per cent is from natural sesame.

The company has established a state-of-the-art Navi Mumbai factory equipped with advanced, top-of-the-line equipment to deliver advanced finished products

and meet international quality standards. The company has also established internationally benchmarked support facilities in Mundra and Unjha in Gujarat and Warangal in Andhra Pradesh.

The company has a presence through its offices, godowns and procurement network across the major production centres to facilitate raw material procurement across seasons and locations.

Sourcing of Raw Materials

The company has a strong procurement network, a well-established infrastructure, and in-house processing and laboratory with the required expertise. Jabs offers state-of-the-art administrative - technical set-up and support across all levels of production and processes.

Jabs sources raw materials mainly from Rajasthan and Gujarat. Apart from that, it also imports red sesame from Sudan and white sesame from Burkina Faso, which are then re-exported in the hulled form to various destinations.

On quality, aspects, Jabs is keen on addressing the requirements and preferences of the customers.

Jabs Certifications

The company has been certified by various organisations like USDA, Spice Board, Three Star Export certification, Authorised Economic Operator MSME Certificate, ISO 9001:2015, ISO 22000:2018 HALAL, KOSHER, BRC etc.

Future Vision

Jabs is exporting about 500-1000 tons of organic certified sesame seeds. In the near future, they plan to expand their coverage area on organic and IPM (integrated pest management) based raw materials. Jabs Unjha factory has received an organic certificate from biocert International PVT Ltd., which shows their commitment to pursuing more organic products going forward.
